**UNITED STATES INTELLIGENCE BOARD
TECHNICAL SURVEILLANCE COUNTERMEASURES COMMITTEE**

**TSCC-D-404
29 June 1973**

MEMORANDUM FOR: TSCC Members

SUBJECT : Continuation of Certain TSCC Functions

In anticipation of the departure from Government service on 30 June of both the Chairman and Executive Secretary of the TSCC, the following provisions have been made for the continuation of certain Committee functions and provision of assistance to departments and agencies represented on the TSCC. Should a new Chairman be appointed or should the responsibilities of the TSCC be assigned elsewhere within or without the USIB structure, the following arrangements will undoubtedly then be superseded.

Examination and Evaluation of Hostile Equipment

When the next penetration of a US installation is discovered, if the agency or department concerned wishes to have the hostile equipment examined and compared with previous discoveries, this may be arranged by calling [] Chief/Equipment Division/Office of Technical Services/Directorate of Science and Technology. [] can be reached on [] Until June 1973 OTS/DDS&T had been known as the Technical Services Division/Directorate of Plans and had been responsible for the examination and technical evaluation of all penetrations reported by the TSCC. Members having hostile equipment to be examined, hazardous telephones to be inspected, or other hardware to be evaluated, when calling [] should give him complete information on the circumstances involved and the depth of the examination which is desired. Any limitations on the extent of the physical analysis must also be established.
